

Cambridge Village Association, Inc.
Notice of Board Meeting
04/25/2025

Good afternoon,

Thank you, residents for all of the feedback concerning the Dana Clark's vehicle that was stolen last night in the Village. From what I am hearing there are several accounts of break ins on various vehicles throughout the neighborhood. The thieves took money from a car that was parked next to my house on McDill. The car was not damaged – they were able to get \$10.00 out of the vehicle. The belongings from the glove box were left in a pile on the front seat. Across the street there was another issue. Bowdoin and Chicago Ave had issues as well. These people were walking through the neighborhood in the dark with a flashlight to see what they could find.

PLEASE lock your vehicles up at all times to keep your property secure!! This is scary as we have not had any major issues here in the Village in the past.

In the event of any sightings of something unusual happening in the neighbor, please call 911 immediately. Do NOT try to handle the issue yourself, as these people could be dangerous.

Also, If you are getting ready to leave to go up north, please make sure that everything is secure and that all valuables are put in the house and DOUBLE Locked. Remember the hurricane season will be ahead us, and if you are leaving make sure that you have all items removed from the porches and the yard and put inside the house in the event of a major storm with heavy winds.

Have a Great Weekend everyone!

Be Safe 😊

Nancy Zimmer
